Rules Concerning Husbandry.

WHen you would Plant or Graft, consider where the wind bloweth, if it be in the South, it is very good for that purpose, but if in the North or East it is not good.

It is good to Plant or Graft generally the Moon encreasing in these Signs, Taurus or Aquarius, in the begining of the Spring, or latter end of Harvest.

Plant Trees for continuance, when the Moon is in Taurus, Leo, or Aquarius.

Cut Timber to have it Sound, in *December*, or *January*, in the wane of the Moon in Aquarius or Pisces.

Prune Trees, and pull off the Mos in the Month of *February*.

Plash Hedges, and Lop trees for Fewel, that the heads may the sooner grow again, when the Moon is in Aries or Libra, and in her increase.

Set young quicksets from *September* to *March*.

Remove young Trees in the last quarter of the Moon, when she is in Aries, Libra, Scorpio, and in these Months, *September*, *November*, *February*.

Set Vines in *February*, *March*, or *September*, especially the Moon in Aries, Libra, Scorpio, in her increase.

Set Rose-Trees in the midst of *February*, the Moon increasing

Cut or Prune Trees in *March* or *April*, the Moon in Taurus, Virgo, or Capricorn.

Gather Fruit, as Apples, Pears, and the like, at the full Moon, in the afternoon, the weather being fair and dry.

Cut down Hay presently after the full of the Moon.

Dung ground to prevent growing of weeds, the Moon decreasing.

Sow Carret-seeds about the end of *February*, or the beginning of *March*, the Moon increasing. Also sow Onions and Leeks in *February* or *March*, at the wane of the Moon.

Sow Cucumbers and Millions in *February* or *March*, or *June*, in a fair day.

Sow Parſley, Fennel, and Anniſeed, in *February* or *Mar*
at the full of the Moon.

Sow Margerum, Violets, Time, Roſemary, and Lavend
in *February*, *March*, or *April*, in the increaſe of the Moon.

Sow Gilliflowers and Wall-flowers, in *March* or *April*,
the old of the Moon.

Sow Hyſop and Savory in *March*, when the Moon is old.

Sow double Marigolds in *February* or *March*, in the increa
of the Moon.

Shear Sheep at the Increaſe of the Moon.

The beſt time to Geld Cattel the Moon being in Ari
Sagitarius, or Capricorn.

Of Blood-letting, and ſome other Phyſic Obſervations.

IN youth let Blood from the change to the firſt quarter:
middle-age, from the firſt quarter to the full: in elder yea
from the full to the laſt quarter: In old age, from the laſt qua
ter to the change. But know, that under the age of 14 a
above the age of 56. it is not good to bleed at all.

Again, in the Canicular, or Dogs-days, it is very hurtful
take any Phyſick at all, unleſs there be great need: and n
deed neceſſity hath no law: Wherefore in ſuch a caſe, t
diſeaſe being deſperate, the cure muſt be adventured.

Take a Purgation when the Moon is in Trine, or Sext
aſpect with Venus, decreaſing in any of theſe three Sig
Cancer, Scorpio, or Piſces, and it will be ſure to work
better, becauſe when a moyſt Planet, in a moyſt Sign h
ſuch an aſpect, the humours in the body are then ſtirred up
down, and ſo the better purged out; wherefore in this caſe,
cannot be amiſs to prepare humours by ſomething that is
ative: and let this be done whilſt the Moon is either in G
mini, Libra, or Aquarius.

Take a Vomit, that it may work throughly, when the M

is in Aries, Taurus, or Capricorn: and know that the aspects of the Moon with Saturn, or Mars, or the Moon in Leo, ought to be eschewed in the taking of Medicines.

Finally, if necessity urge no haste, these observations are expedient: for it is a plain truth, that the change of weather upon differing aspects, doth greatly change and alter mens bodies.
